

I am an Amatuer Radio Operator. My call sign is KD7INN. I have reviewed information about BPL and have great concerns about the interference it will cause. Amatuer Radio provides a very good service to the community in too many ways to count. BPL will make Amatuer Radio unusable in many area's and that must not be allowed to happen. The problems that BPL will cause are not worth the benifits.

Thank you,
Jeff Melanson
